

More Money for your Church's Mi\$\$ion!

Serious about increasing financial support?

This workshop is designed for **fundraising, faith and giving**. A minimum of the Pastor and at least one lay leader is required. However, a total of 3 or more (including the Pastor AND lay leaders) are strongly recommended because it takes a **TEAM** to apply this to your individual church's setting. Instructional information for this intense seminar coming soon.

Experienced leader of this workshop is Reverend Stephen C. Gray - ordained UCC minister:

- Initiated denomination wide stewardship training involving Indiana University School of Fundraising and The Lake Family Institute on Faith and Giving
- Works with hundreds of congregations in annual stewardship training, preparation for major capital campaigns and implementation of planned giving programs
- Author of mission and stewardship media and print productions
- Served as keynote speaker and workshop leader in stewardship for UCC conferences, denominations and ecumenical gatherings
